KEYMACRO is a Macro-recorder that helps you to automate everyday works. This screensaver allows you to focus your attention on creating instead of testing your macro shots! You can record any part of the screen or even create your own background video! The modern-style interface allows you to do your work conveniently. So just create a video, go to the main menu, press Record button, wait until the action has ended, then save it to the convenient Clip library. The recorder supports standard capture resolutions. Also, you can choose the output format of the file.

---

Keymacro supports automatic saving and previewing of the recorded files. All you need to do is set up a macro name. If you're interested in this screensaver please visit [www.keymacro.com](http://www.keymacro.com) for more info. Keymacro is an amazing new screensaver. It adds a new level of functionality to the Windows Media Center. All the images can be saved in the clipboard and inserted as wallpaper for the desktop. It also supports capture of the whole screen or a portion of it.

Macro images can be saved and recalled later as well as inserted into the clipboard as wallpaper. KEYMACRO supports the following resolution: 1920x1080 (standard), 1280x800, 1280x1024, 1024x768, 800x600, 640x480.

PROS: Simple interface, you can record from the main window, from the desktop, from the clipboard, set options, then save or record the new video. Also, you can save the recorded files to the Clipboard. CONS: There is a limitation for the default resolution (1920x1080). Publisher's Description: PowerMP is a powerful tool to create a wallpaper

slideshow. You will love this screensaver as it allows you to create a picture slide show using a video file as a background. The screen saver comes with a simple and easy to use interface that will make creating a slideshow a breeze! PowerMP is a sophisticated and impressive screen saver that really takes the use of videos to a new level. The program has all the features you would expect in a screen saver including the ability to take a video clip from your desktop and put it as the background for your picture slide show. You can also add music, images and even vista

visualizers to your slideshow. The program comes with a help file and a gallery of pre-designed wallpapers. PowerMP supports the following resolutions: 320x240, 640x480 1d6a3396d6
