soft palate, and they can even perforate the maxillary sinus. We describe such a case in a 47-year-old male patient. The diagnosis was based on clinical symptoms, computed tomography and magnetic resonance imaging. The diagnosis was confirmed histologically by a preoperative mucosal biopsy. After sinus surgery, the patient recovered uneventfully.

criticized 2012 health care law. (AP Photo/Charles Dharapak, File) WASHINGTON (AP) — Most of the States have yet to cast a vote in the lawsuit filed by 27 Republican-led States challenging the Obama administration's much-criticized 2012 health care law. The remaining States are working on their submissions and will submit them within the next few weeks, according to a Justice Department spokesman. The main part of the case will go before the Supreme Court in January. "It remains to be seen how
